WHERE YOU'LL
BE SITTING

The seating map is indicative and is not an official stadium plan. Your exact block and row are allocated by the supplier and confirmed when tickets are issued. Everyone on the same booking is seated together. Longside middle and shortside lower blocks are available on request.

GETTING TO THE GROUND

All three hotels are in Dublin 4, within a 5 to 15 minute walk of the Aviva. That is deliberate — on an international match day the run out from the city centre is slow and taxis are scarce afterwards. Walking distance is worth more than a city centre address here.

GOOD TO KNOW

The fixture, date and venue are all confirmed. Dublin fills completely on international match weekends and the hotels go before the tickets do, so early booking matters more here than anywhere else in the November window.

NOT INCLUDED

International and internal flights · travel insurance · meals and beverages · visas · city tourist taxes · **match-day transfers to the stadium** · items of a personal nature · anything not expressly listed above.
